PATTON BOGGS

Health and Safety Seminar 2016

The 2016 BPF Health and Safety seminar has been constructed so as to provide delegates with a comprehensive exploration of the key Health and Safety issues that will affect their business in 2016. This seminar will provide attendees with an insight into the HSE Campaign for 2016 as well as the safety climate tool from the Health and Safety Laboratory. During the afternoon session the seminar will tackle important subjects including risk assessments for machine safety, slips and trips and behaviour change, providing you with valuable information to take away.

Speakers

Alan Brown, C I Engineer

AGI Amaray

Alan is an engineer by trade, He has worked in the plastics industry for almost 30yrs in total and has been a member of the IHSC for approx. 4 yrs. He has been chairman of the BPF Health and Safety Committee since September 2015

Rose Bricis

Health and Safety Executive

Jennifer Webster, Occupational Psychologist

Health and Safety Laboratory

Jennifer Webster joined the Health and Safety Laboratory in 2008. The main focus of her work is around safety culture. Recent work for HSE includes developing a competence matrix for waste and recycling industry supervisors and examining the safety culture of London 2012 during the decommissioning period. Jennifer is a Chartered Psychologist and Associate Fellow of the British Psychological Society.

Rob Elvin, Partner

Squire Patton Boggs

John Glover, Director

Glover Associates

John Glover, is a director of the specialist machinery safety consultancy Glover Associates & Consulting Ltd and has practised health and safety law and safety of machinery for a number of years. He has extensive knowledge of the subject and contributes regularly to magazine articles as well as being a guest speaker for IOSH at the Middle East Conference in Oman.

Mark Liddle, Falls Prevention Team

Health and Safety Laboratory

Dr Clare Williams, Visiting Research Fellow in Human Factors and Behaviour Change

University of Derby

Dr Claire Williams, is a senior ergonomics and human factors specialist at Human Applications, and a visiting research fellow in Human Factors and Behaviour Change at the University of Derby. A chartered ergonomist and human factors specialist (C. ErgHF) with 20 years of experience in occupational health and safety, her current training, consultancy and research focus is on the behavioural aspects of health and safety.
