Speakers

Peter Haslop

British Plastics Federation

Peter Haslop has an engineering background with over 46 years experience in the manufacturing industry. He has vast experience of the energy efficiency and environmental technologies industries. Before joining the BPF Peter worked for over 8 years with a leading Energy Consultancy where he was responsible for managing a team of consultants involved in the processing and completion of climate change agreement applications and the on going management. Peter is a frequent speaker at energy efficiency events.

Yolanda Starkie

British Plastics Federation

Yolanda Starkie is the Administration Manager of the Plastic Sector CCA. She has been the principle administrator of the scheme from its beginnings in October 2009, supporting in excess of 350 manufacturing sites in their application.

Gareth Holden

Excalibur Energy

Gareth is a member of the Institute of Refrigeration and has worked in the industrial / commercial energy efficiency sector for 30 years, his company Excalibur Energy specialise in improving the energy efficiency of industrial refrigeration, process cooling, air-conditioning, fans and pumps. Their work spans many sectors including food processing, banking, data centres, manufacturing and airports.

Duncan Cameron

Energy Engineer

Duncan is a Chartered Marine Engineer, prior to entering consultancy he spent 20 years in the Merchant Navy serving in all ranks including Chief Engineer Officer, he holds a Combined Class I Certificate of Competency. He has spent the last 12 years in consultancy, advising on environmental and energy conservation subjects. He was involved in setting up the Plastics Sector CCA and has successfully entered many sites in most sectors in to CCAs and helped them hit their targets.
