Bio-Based & Degradable Plastics are attracting increasing interest from the public, media and downstream users and are increasingly being specified for industrial and consumer applications. Due to their wide range of properties and perceived positive environmental impact, they are increasingly being used in packaging, agriculture, medicine, automotive, and many other areas.

THE SEMINAR PROGRAMME

10.00 Registrations & Refreshments

10.25 Chairman's Introduction - *Philip Law, British Plastics Federation*
